CHECK IN

Check in 3pm

Our property operates on a septic system - nothing other than expected should be thrown in the drain.

Food scraps must be disposed in the trash or the compost outside and not through the garbage disposal.

Trash day is Friday - On Thursday night, both regular and recycle bins should be out on side of street with handle facing the house and lid facing the street (regular trash is usually picked up very early and recycles later during the day).

CHECK OUT

Check out by 10am

Thanks so much for staying with us! We appreciate you taking great care of our Cabin. Before you leave, please run the dishwasher if you have dirty dishes and place dirty towels on the floor by the washer.

Owners of pets should clean after their pets and dispose of waste properly.

The umbrella outside must be closed unless actively used (wind gusts occur).

Please return the key to the lock box,

a few things about

OUR CABIN

The house operates on a septic system - nothing other than expected should be thrown in the drain.

Food scraps must be disposed in the trash or the compost outside and not through the garbage disposal.

Due to potentially windy conditions the umbrella on the patio must be properly closed unless actively used. Feel free to use the cushions for the outdoor furniture located in the closet of the master bedroom, please place them inside in case of rain or before you leave.

The silverware is located in the drawer inside the top left drawer in the kitchen - a lot of guests have issues finding it.

The guest shower is backward: handle to the left is cold water, to the right is hot water.

Before using the fire pit, it is required to make sure a burn ban is not in effect. Check <https://www.traviscountytexas.gov/fire-marshall> If you are using the grill outside, make sure the gas is opened at the bottle level. If there is no more gas you can switch it with a new one located under the deck - please alert me that a bottle is empty. Thank you for helping us to keep the Cabin safe!
